PRO-LIFE ANSWERS TO FALSE PRO-CHOICE ARGUMENTS

THE "FETUS"-----HUMAN LIFE OR NOT?

As pro-lifers, we need to educate ourselves and have answers to pro-choice arguments and rhetoric. This article highlights a typical prochoice claim and arms you with good and accurate information to refute their misleading and false arguments.

For many years, their most significant and basic argument has been that the so-called fetus is not a human life; it's just a simple mass of tissue or part of the pregnant woman's body. They also claim that the question of when human life begins is uncertain and a religious issue.

However, medical textbooks and scientific reference works consistently agree that life begins at conception, when a genetically distinct individual is brought into existence. Some of the world's most prominent scientists and physicians testified to a U.S. Senate committee that human life begins at conception. At these same hearings, pro-abortionists, though invited to do so, failed to produce even a single expert witness who would testify that life begins at any point other than conception.

From the moment of conception, the unborn fetus is not simple, but very complex. The newly fertilized egg contains a staggering amount of genetic information, sufficient to control the individual's growth and development for an entire lifetime. The key word is development. Like a toddler or adolescent, the term fetus does not refer to "non-humans", but to humans at a particular stage of development. It is scientifically inaccurate and untrue to say a fetus is not a human being simply because he or she is at an earlier stage of development than an infant.

Being inside something is not the same as being part of something. The mother and the unborn child are two separate individuals and half the time, they are not even the same sex! The child has its own DNA, fingerprints and blood type, distinct from the mother's. The unborn child even takes an active role in his or her own development, even controlling the course of the pregnancy and the time of birth.

PRO-LIFE CONFERENCE

The Office of Respect Life and Social Justice is sponsoring a pro-life conference titled “Liberated BY Truth” with speaker Terry Beatley. The conference will be held Sat., Sept. 10th, from 9am-3:30pm at Bishop Carroll Catholic High School. Terry’s talk will equip those attending with the tools to move forward as we work to convert hearts and save lives in the pro-life ministry. The cost is \$15 per person, \$25 per couple, \$30 per family (limit 4). Lunch is provided. Registration deadline is Sept. 1st.

ADORATION TIME: A parishioner has stepped forward and made a commitment to pray in front of the Blessed Sacrament every Thursday in Marion for one hour, at 9am. A second person is still needed at this hour, in case one of the two can’t make it.

The blessings received from this hour with Our Lord are many, and the time flies by. Please prayerfully consider filling one of the times available.

There are THREE Marion adoration time slots available on Thursdays from 9-10am AND 10-11pm AND 11pm-midnight. Please contact Jackie Palic at 620.382.3757.

“Won’t you spend an hour with Me?”
